Hi Bob,

Thanks for reaching out, I'd be happy to sit down with you. Let me know your schedule that afternoon and I will reserve a conference room for us. I no longer work on the Leviathan site, but I will invite the current Community Involvement Coordinator, Yolanda Sanchez, to join us if she is available. She's copied above, and her contact details are below if you need Leviathan-related information. I'm still the right contact for Yerington (Anaconda) work.

Yolanda Sanchez

Sarah:

My name is Bob Miner and I manage Communications & External Affairs for BP America (including for our affiliated company Atlantic Richfield Company). I have worked on the Yerington, Nevada and Leviathan, California mining sites over the last several years.

I will be at Region 9 headquarters on the afternoon of January 26th for another meeting and wondered if you might have a few minutes for us to meet and talk about stakeholder issues at those sites?
